

LIGHTWEIGHT FOAM BOARD
VISCOM FIX - SELF-ADHESIVE

STADUR
MADE IN GERMANY

Product Information

VISCOM FIX - SELF-ADHESIVE

Description:

The Stadur VISCOM FIX lightweight foam board consists of Stadurlon compact sheets on both sides, which are equipped on one side or optionally also on both sides with a self-adhesive film for the uncomplicated and fast direct lamination of photos and films.

Facings:

Consisting of the high performance plastic material Stadurlon that features a self-adhesive foil on one or optionally on both sides.

Properties:

- High inherent rigidity and ideal flatness at minor thickness tolerance
- Compression proof facing material
- Highest adherancy of the self-adhesive facing material
- Fast direct cold coating (manual or machine processing)
- Suitable for outdoor use when printed surface is shielded accordingly
- Geometrically formable by V-grooving /or slot milling to the reverse side of the panel to achieve angular or round shape

Thicknesses: 5 mm / 10 mm

* other thicknesses up to 100 mm are possible

Size: 1500 x 3050 mm

Special elements:

Other thicknesses up to 100 mm are also available as single sheets.
Other formats and fixed formats are available on request.

Weight:

Thickness	5 mm	10 mm
Weight kg/m ²	2.55	2.68

* Further weights on request

Areas of Application:
